New Programs from the United Kingdom

WWCR-International is pleased to air three (3) new programs from the London Radio Service every week.

"Eco-Watch" is a 15 minute weekly program dealing with major environmental and conservation issues.

"New Horizons" is a 15 minute weekly program dealing with the latest research and developments in science, technology, medicine and computing from the United Kingdom. The program is aimed at both the scientific community and the general listener.

"Pulsando Las Noticias" is a 15 minute weekly program for the Latin American-Spanish audience, covering a wide range of topical stories from the United Kingdom.

London Radio Service is an international producer and syndicator of radio news and programs, produced by Worldwide Television news on behalf of the British Foreign and Commonwealth Office.

Eco-Watch can be heard on WWCR-Shortwave Radio, on 12.160 MHz - Saturday at 6:45AM-Central (1245 UTC). New Horizons can be heard on 5.070 MHz - Sunday at 11:45PM-Central (0545 UTC-Monday). Pulsando Las Noticias can be heard on 9.475 MHz - Thursday at 4:30PM-Central (2230 UTC).

WWCR is the sister station to WNQM-1300-AM (Nashville Quality Ministries-50,000 Watts) which serves Nashville and middle Tennessee with Christian talk and evening Hispanic programming. For more information, contact Adam or George at WWCR.
